journal name, IOP Publishing (publishing company)

Dear Editors,

When you compile the tex file, please choose the *LuaLaTeX* compiler!

I/We wish to submit an original research article entitled “[title of article]” for consideration by [journal name]. I/We confirm that this work is original and has not been published elsewhere, nor is it currently under consideration for publication elsewhere.

In this paper, I/we report on / show that xxxxxx. This is significant because xxxxxxxx. We believe that this manuscript is appropriate for publication by *journal name* because it... [specific reference to the journal’s Aims and Scope].

[Please explain in your own words the significance and novelty of the work, the problem that is being addressed, and why the manuscript belongs in this journal. Do not simply insert your abstract into your cover letter! Briefly describe the research you are reporting in your paper, why it is important, and why you think the readership of the journal would be interested in it.]

Add all necessary disclaimers

Use the last body paragraph of your letter to add disclaimers or statements necessary for your institution or for the journal. These types of disclaimers vary based on factors like your field, institution and the type of research you’ve undertaken. Additional statements may include verifying that:

All the authors of the paper approve of this submission; All authors have not previously published this paper elsewhere and that the article isn’t under review by another journal; Each author has significantly contributed to the findings of this article; None of the authors have any potential conflicts of interest or competing interests; All information within the article is the original work of the authors;

Thank you for your consideration of this manuscript.

Some useful guidelines: <https://www.indeed.com/career-advice/resumes-cover-letters/how-to-write-cover-letter-for-research-paper>
